**AMENDMENT UNDER 37 CFR 1.312**

Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

In response to the Notice of Allowability dated August 1, 2000, please amend Claim 19  
as follows:

In part (d) after "addressable," please substitute --electrodes-- for "arrays."

Remarks

Claim 19 has been amended to correct an obvious typographical error addressing the  
location where the steps (b) and (c) are performed. Entry of the Amendment is respectfully  
requested.

Claim 19 is now further consistent with independent claims 40 and 41 where repeated  
serial or simultaneous depositing occurs at electrodes in order to create a library. Thus, no  
search is believed necessitated by this Amendment.
